

May 11, 2020

Avalon continues to provide best practices and guidance as we navigate through executive orders that come from the Governor's office regarding the Covid-19 pandemic.

I recognize individuals who own a second home in Avalon are anxious to return. There is no travel ban on New Jersey roadways. You may come to your second home in Avalon. Follow strict social distancing guidelines/safety practices and understand that for now, many of the amenities and businesses you typically enjoy in our Borough are not yet open.

Additionally, the Borough has recently received guidance from our insurance carrier, the Atlantic County Municipal Joint Insurance Fund, on how to legally and safely permit outside dining and retail this summer adjacent to businesses. For this summer season, we will afford the opportunity for additional outside business in a manner consistent with the executive order and the practices suggested by the ACMJIF.

Please continue to follow updates on www.avalonboro.net, and for updates on our local businesses, visit the Avalon Chamber of Commerce website, www.visitavalonnj.com.

Sincerely,

Martin L. Pagliughi

Mayor

Borough of Avalon, NJ
